

castus is a leading global supplier of transfer systems for the sterile and rapid loading and unloading of isolators. To strengthen our team, we are looking for an immediate

Design engineer / technical designer (m/f/d)

This will make you grow

- Independent and responsible processing of projects, starting with the constructive design up to the preparation of the production documents
- Execution of CAD new and adaptation designs (3D)
- Technical assessment and analysis of functional requirements
- Documentation/presentation of the development result

This will move us forward

- Training as CAD designer, technical designer, technician or comparable qualification
- Good knowledge of 3D design (preferably SolidWorks)
- Ideally several years of professional experience in the field of mechanical design
- Very careful, goal-oriented and team-oriented way of working with quick comprehension and a lot of initiative
- Knowledge of the common MS-Office programs
- Very good knowledge of German and English
- Willingness to travel at home and abroad

That is why castus is a great place to work

- You want to create, not just execute – at castus there is plenty of room for initiative, your ideas will be heard!
- You need security - we offer you a future – proof job after the probationary period!
- You are bored with a constant working day – here every day is different and challenges you anew!
- Bureaucracy slows you down – with us you have your own area of responsibility, we give you space for your personal development!
- You don't want to be a number – our team is looking forward to meeting you. Be a part of our family!

On the way top with castus!

Are you looking for a new challenge?
Then send us your informative
application with your salary expectations
and earliest starting date.
